FOR IMMEDIATE RELEASE

Community Update regarding the state of finance for Lake Central School Corporation

St. John, Indiana – December 8, 2017

Lake Central School Corporation will host a presentation for the Tri-town community on Wednesday December 13, 2017.

The purpose of the meeting is to present the challenges faced by our school community and conduct a discussion of proposed solutions and the impact those solutions would have on residents of the Lake Central school district.

The meetings will be facilitated by Dr. Larry Veracco, Superintendent, and will offer an opportunity for the community to provide input to the Lake Central School Board of Trustees on the proposed solutions. The presentation will begin at 6:00 p.m. in the Lake Central High School Auditorium. (Attendees should park in the front of the building and enter through doors A or B.) Comments and suggestions will be heard during the meeting.

Residents and business owners of the Tri-town community are encouraged to attend. This meeting, represents more than a year of extensive community and stakeholder input and study. The comments and input at these meetings will determine the next steps in providing funding for academic and educationally related programs, managing class size and retaining teachers.
