PBIS is back starting October 1. There are a few changes since the 2019-2020 school year, when we last did PBIS. Your Advisory teacher will share those changes with you this week. Kahler Cash, Student of the Month, and the Coupon Cart are back!

For October, Preparedness is the focus for Student of the Month. Teachers will nominate those students who are prepared for class EVERY day at the end of the month. 1 student per grade level will earn \$10 Kahler Cash and a \$10 gift card to a local restaurant (DQ, Coldstone, Jimmy Johns, etc.) All nominees will have their names read in the announcements.

If you missed out on the presentation in Advisory this week, you can check it out here. [Student PBIS Presentation Beginning of Year](#)

Are you an eighth grader who loves a good murder mystery--perfect for fall? Then, stop by LBJ's room for a copy of *Truly Devious*, the eighth grade lunch club book of the month. The lunchtime book club has been moved to lunch on October 27 to accommodate DC travelers, so join the fun and grab a book even if you didn't participate in September. The club is open to anyone, and you can come any month. It is not an all or nothing club. Have questions? See Mrs. Bloom-Johnson in room 143. (If you want to know more about the book, read below.)

Ellingham Academy is a famous private school in Vermont for the brightest thinkers, inventors, and artists. It was founded by Albert Ellingham, an early twentieth century tycoon, who wanted to make a wonderful place full of riddles, twisting pathways, and gardens. Shortly after the school opened, his wife and daughter were kidnapped. The only real clue was a mocking riddle listing methods of murder, signed with the frightening pseudonym "*Truly, Devious*." Years later, Stevie Bell is set to begin her first year at Ellingham Academy, and she has an ambitious plan to solve this cold case. But the past has crawled out of its grave: *Truly Devious* makes a surprise return, and death revisits Ellingham Academy.

Do you enjoy technology and computers?
Would you like to make a difference in the world or your community?

Join a CS for Good team today.

Teams of 3-6 students will compete against other middle school teams in Indiana. Each team will design one of the following to demonstrate how computer science can be used for good when applied to real problems that affect their schools and communities.

- A software application
- A website
- A physical computing device or prototype

The top four middle school teams in the state will be invited to the Nextech CSforGood Celebration on Wednesday, December 8, 2021 at the Indiana Statehouse in Indianapolis, which is during Computer Science Education Week. The finalists will showcase their projects, along with how they honed their problem solving, teamwork and CS skills, to a panel of judges, legislators, policy leaders, influencers and the tech community. One winning team per division will be announced at the end of the event. Each winning team member will be awarded \$200 worth of their choice of tech gear and teacher sponsors will receive \$1,000 in tech for their classrooms.

All projects are due on November 2, 2021 and the top 4 teams will be announced on November 15, 2021.
