## PBIS

For April, Integrity is the focus for Student of the Month. At the end of the month, teachers will nominate those students who have shown the most integrity EVERY day. One student per grade level will earn \$10 Kahler Cash and a \$10 gift card (Target or Amazon). All nominees will have their names read in the announcements.

Eighth graders if you are interested in reading a really great book, drop by Mrs. Bloom-Johnson's room (143) to pick up a copy of *I Will Always Write Back*.

**I WILL ALWAYS WRITE BACK** is the true story of two pen pals: Caitlin, a typical American teenager, and Martin, a poor but incredibly bright and hard-working boy in the African country of Zimbabwe who's struggling to get enough money to stay in school. Caitlin has no concept of Martin's poverty and sends him photographs and small gifts. She asks for similar items in return, not knowing that Martin's family barely has enough money to eat or pay his school fees, much less buy stamps or even have a photograph taken. Slowly, Martin reveals the depth of his poverty to his new American friend, who responds by sending him \$20 she earned babysitting -- enough to keep him in school and prevent his family from being evicted. As Martin's financial situation grows dire, Caitlin and her family increase their support, eventually changing both Martin's and Caitlin's lives forever.

Our book club for this book will be on April 29th.

**7th grade book club:** All 7th graders are invited to pick up a copy of *When You Reach Me* from the library! We will meet Tuesday, 4/26 to discuss the book. If you have questions, see Ms. Lambert in room 139.

*When You Reach Me* will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone.

It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might be too late to stop it.
