Sixth grade book club books are in for the November Book Club. Stop in and see Ms. Rose in the library for copies of *When You Reach Me* by Rebecca Stead. We will meet on November 22nd, in Room 178 (Library Classroom) during sixth grade lunch to discuss on November 22nd. Below is a synopsis of what the book is about. If you are interested, pick one up from the library, and we will see you on November 22nd.

*By sixth grade, Miranda and her best friend, Sal, know how to navigate their New York City neighborhood. They know where it's safe to go, like the local grocery store, and they know whom to avoid, like the crazy guy on the corner. But things start to unravel. Sal gets punched by a new kid for what seems like no reason, and he shuts Miranda out of his life. The apartment key that Miranda's mom keeps hidden for emergencies is stolen. And then Miranda finds a mysterious note scrawled on a tiny slip of paper:*

*I am coming to save your friend's life, and my own.*

*I must ask two favors. First, you must write me a letter.*

*The notes keep coming, and Miranda slowly realizes that whoever is leaving them knows all about her, including things that have not even happened yet. Each message brings her closer to believing that only she can prevent a tragic death. Until the final note makes her think she's too late.*

Seventh grade book club books are in for the November Book Club. Stop in and see Ms. Rose in the library for copies of *Everything Everything* by Nicola Yoon. . Below is a synopsis of what the book is about. If you are interested, pick one up from the library. Meeting date at the end of November 29th.

*My disease is as rare as it is famous. Basically, I'm allergic to the world. I don't leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla.*

*But then one day, a moving truck arrives next door. I look out my window, and I see him. He's tall, lean, and wearing all black - black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Olly.*

*Maybe we can't predict the future, but we can predict some things. For example, I am certainly going to fall in love with Olly. It's almost certainly going to be a disaster.*
