History:

Shark Day was created eight years ago in the K hallway in order to add some excitement to the month of April. This day is always celebrated on the last Friday in April. The best thing about Shark Day is that it deliberately makes no sense. This is all about having a great time! Mr. Langlois could not have summed it up any better when he stated, "Shark Day exists to have fun with the message that the fun of "special days" shouldn't be lost from taking it too seriously."
