4 Year Plan...what?

- Going over your classes for the next 3 years
- We understand it will change, because you might change your minds!
- Required classes vs. Elective classes
- This is not us scheduling you for next year (or Junior year, or Senior year)
 - This is just us going over classes with you to get an idea of what diploma you want, careers you're interested in, and classes you may want to take)

You should have
the following on
your desk now...

HIGH SCHOOL COURSE PLAN

Students can be overwhelmed by the complexity of writing a high school plan. Four-year high school course plans allow students to plan their high school curriculum based on their career and postsecondary interest. This plan is flexible and can be updated each year that a student's interests and plans change.

Here are some resources that may help while considering career interests and choosing courses that align with your postsecondary goals and diploma. Remember, your guidance counselor at Lake Central can be your best resource!
