Please be sure to return Chromebooks and chargers, books, and all school materials. If you are unable to return materials at the scheduled time, please contact the Bibich office to schedule alternate arrangements.

## Library Books

Please have your child bring their library books to Mrs. Rardin as soon as possible to avoid any lost book fees.

## Technology Safety!

Parents please open the conversation between you and your children about technology safety. As the cyber world is growing and our students are having more access to technology through computers and cell phones it is important to take note of their online activity. Here are some helpful tips to consider:

1. **Open a dialogue.** Talk to your kids about technology, the internet, and having a safe online presence.
2. **Be informed.** Know what technology your children are using, what games they play, what social media they post on, and with whom they are communicating.
3. **Be interested.** Ask your child what apps they are using and how they work, and how they interact with others using their technology.
4. **Help your child understand what inappropriate online behavior is.** If you or your child encounter inappropriate behavior - whether it's through inappropriate apps, cyber-bullying, or social media - don't just let it go. Act on it, whether it's talking to your child, bringing the subject up with another child's parents, or reporting it to the appropriate authorities.
5. **Never give out personal information over the internet.** E-mail and home addresses, phone numbers, names, birth dates, family details, and photos should all be kept private. Encourage your child to protect their own and their family's identities.
