*Snacks are a part of our daily schedule where we practice core vocabulary, social skills, and making choices. While we do not partake in a family style/community snack where everyone shares the same snack due to specific diets and allergies, your child's snack is **ONLY** for them. You may send in a different snack each day or send in a bulk amount. Each student will have their own bin with their snacks stored in our cabinet. We do have a small refrigerator if we need to store some items and microwave if needed to heat any food.
