PRE-PARTICIPATION PHYSICAL EVALUATION FORM (PPE)

The IHSAA Pre - participation Physical Evaluation (PPE) is the first and most important step in providing for the well-being of Indiana's high school athletes. The form is designed to identify risk factors prior to athletic participation by way of a thorough medical history and physical ex-amination. The IHSAA, under the guidance of the Indiana State Medical Association's Commit-tee on Sports Medicine, requires that the PPE Form be signed by a physician (MD or DO), nurse practitioner or physician's assistant holding a license to practice in the State of Indiana. In order to assure that these rigorous standards are met, both organizations endorse the following require-ments for completion of the PPE Form:

1. The most current version of the IHSAA PPE Form must be used and may not be altered or modified in any manner.

2. The PPE Form must be signed by a physician (MD or DO), nurse practitioner or physician's assistant only after the medical history is reviewed, the examination performed, and the PPE Form completed in its entirety. No pre-signed or pre-stamped forms will be accepted.

3. **SIGNATURES**
   - ❑ The signature must be hand-written. No signature stamps will be accepted.
   - ❑ The signature and license number must be affixed on page three (3).
   - ❑ The parent signatures must be affixed to the form on pages two (2) and five (5).
   - ❑ The student-athlete signature must be affixed to pages two (2) and five (5).

Your cooperation will help ensure the best medical screening for Indiana's high school athletes.

☐ **Not cleared** ☐ Pending further evaluation ☐ For any sports

Reason _____

Recommendations _____

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
